Summary of agreement

ArborGate Labradoodles (AGL) and the above mentioned approved breeder have agreed to the exchange of

\$2500 USD plus all AI collection and shipping fees in exchange for two shipments of fresh chilled semen from _____ owned by AGL to the approved breeder as detailed below.

CONDITIONS OF STUD SERVICE

1. A total of two collections are offered with fresh chilled semen which can be delivered overnight to the bitch's vet for AI OR the dam and dam owner may travel to IN and our veterinarian facility will proceed with a direct transfer of semen during ovulation. All collections and certifications will be handled by a licensed veterinarian or an AKC certified collection facility or equal. Included in that service will be a sperm count and motility test to assure viability.
2. At the signing of this contract _____ and AGL will exchange the deposit and all appropriate pedigrees and health documentation on _____ as well as the planned dam owned by the aforementioned breeder.
3. Stud fee will be paid via a \$2500 USD deposit due prior to the first shipment of fresh, chilled semen.
4. The aforementioned breeder pays for all collection services and delivery fee, approximately \$200 to \$250 per collection and delivery of fresh chilled (generally requires 2 collections) price depends on delivery service used and collection facility costs. Fees and services are paid directly to the collection facility. AGL can arrange for same day shipment and Sunday shipment if necessary at the dam owners additional expense.
5. Two live puppies will constitute a litter. If no litter is produced from this breeding, AGL will offer a repeat breeding to the same bitch at no additional stud service fee. Bitch owner will be responsible for repeat collection and shipment fees.
6. _____ will pay all costs associated with AI and all other reproductive services. It is required that _____ will have progesterone tests performed on their dog to help determine the best time for insemination by a qualified vet.
7. AGL assumes no responsibility for injury, illness or death associated with AI.
8. _____ will provide AGL a pedigree of the selected dam, a copy of the most recent CERF certificate or PRA-DNA certificate, and OFA score of good or excellent or PennHip score of .59 or better for the dam prior to shipment of semen. Current planned use of AGL's _____ stud service is for _____.

No other bitch will be used for AGL's _____ stud services without written permission of AGL and all the appropriate paperwork from _____. If _____ fails to comply with this provision, he/she shall pay AGL \$25,000.00 in liquidated damages for the harm done to the reputation of the stud dog, the stud dog owner and the breed in general.

9. _____ will NOT transfer ownership of any pup resulting from this breeding to any person or organization whose intent is to re-sell, trade or give away the puppy or use it in laboratory experiments. If _____ fails to comply with this provision, he/she shall pay to the stud dog owner \$25,000.00 in liquidated damages for the harm done to the reputation of the stud dog, the stud dog owner and the breed in general.

10. _____ agrees to have all puppies de-sexed at 7 or 8 weeks of age except for those being sold or traded as potential breeding stock to another breeder.
